[Competition Law in Conversation: Smart Farming](#)

What does the future of digital farming look like? And what implications does this have for competition law?

Join us on 23 May 2023 when we discuss this with Manuel Gómez-Barbero (European Commission) and Ioannis Lianos (Hellenic Competition Commission & University College London). Register [here](#).

[Computational Antitrust: The Status Quo](#)

New data-driven approaches can complement already established tools for detecting anti-competitive behaviour. In this systematic review of case studies, Jan Amthauer, Jürgen Fleiß, [Franziska Guroj](#) and [Vicky Robertson](#) show how data-driven approaches can be used to detect real-world antitrust violations. Access the contribution [here](#).

[Market Power and Data Protection](#)

On 15 May 2023, [Klaudia Majcher](#) attended a workshop on 'Exploring the Relationship between Market Power and Data Protection', organised by Utrecht University and ETH Zurich. Klaudia discussed how power and dominance can be taken into account in the assessment of data protection law concepts and provisions.

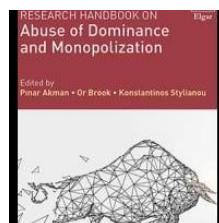

[Welcoming the Hub's Visiting Researchers for Summer 2023](#)

After bidding farewell to [Johannes Persch](#) (University of Mannheim), The Competition Law Hub is happy to welcome two new visiting researchers in the summer term of 2023: [Belle Beems](#) (Radboud University) and [Thomas Cheng](#) (Hong Kong University). Welcome to The Hub!

[Lunch Lecture on eSports Salary Caps](#)

On 19 April 2023, [Fabian Ziermann](#) held an SKW Schwarz Lunch Lecture on the US Department of Justice's [settlement](#) with Activision Blizzard concerning eSports salary caps. Fabian outlined the wider implications of the DoJ's analysis for European eSports operations, including competition law compliance. Access the recording [here](#).

[Anti-Competitive Rebates](#)

In the recently published *Research Handbook on Abuse of Dominance and Monopolization*, [Vicky Robertson](#) contributed a chapter on rebates, detailing the antitrust rules applicable to loyalty or fidelity rebate schemes under EU competition and US antitrust law. Access the book [here](#).

[Keynote on green and digital competition Law](#)

In her keynote speech at the 19th EEA Symposium at the College of Europe (13 April 2023), [Vicky Robertson](#) highlighted the challenges that the twin transition to an economy that is both green and digital poses for EU competition law, focusing on our conceptual understanding of the green
